Nikita Tyagi
Indian Institute of Science
141, block NGH , IISc Campus

Dear Nikita Tyagi:

The NACRW Student Scholarship Committee is pleased to inform you that your abstract submission ***“Effect of substrate porosity in the analysis of residues using Surface Enhanced Raman Spectroscopy (SERS)”*** has been accepted as a presentation at the 2023 North American Chemical Residue Workshop and has been awarded a Student Stipend of \$500 US dollars with registration to the NACRW conference waived.

You will need to prepare and print your poster as well as an 8-minute PowerPoint presentation focusing on your work. You will receive more information at a later date regarding what day and time you will need to stand by your poster. The oral presentations will be given on Wednesday July 26th at 10 am. There is also an NACRW Poster Award competition that you would be eligible to enter. You are reminded that the content of your presentation must meet scientific and professional standards.

Also, if you have not already done so please make hotel arrangements if required, **the group rate hotel reservation deadline is July 3, 2023**. To register for the conference complimentary, please [click here](#) select the registration for Attendee Complimentary. There will be an option for student scholarship. For complete details on conference and hotel registration, please visit www.nacrw.org.

We very much appreciate your participation in the 2023 NACRW and are looking forward to seeing you in July! If you should have any questions, please do not hesitate to contact us.

Best Regards,

Katie Carlos (katherine.carlos@fda.hhs.gov)
2023 Student Outreach Committee Chair

Teri Besse (teri@nacrw.org)
